

Step 1 - Daisy

• What if the white petal is at the bottom?

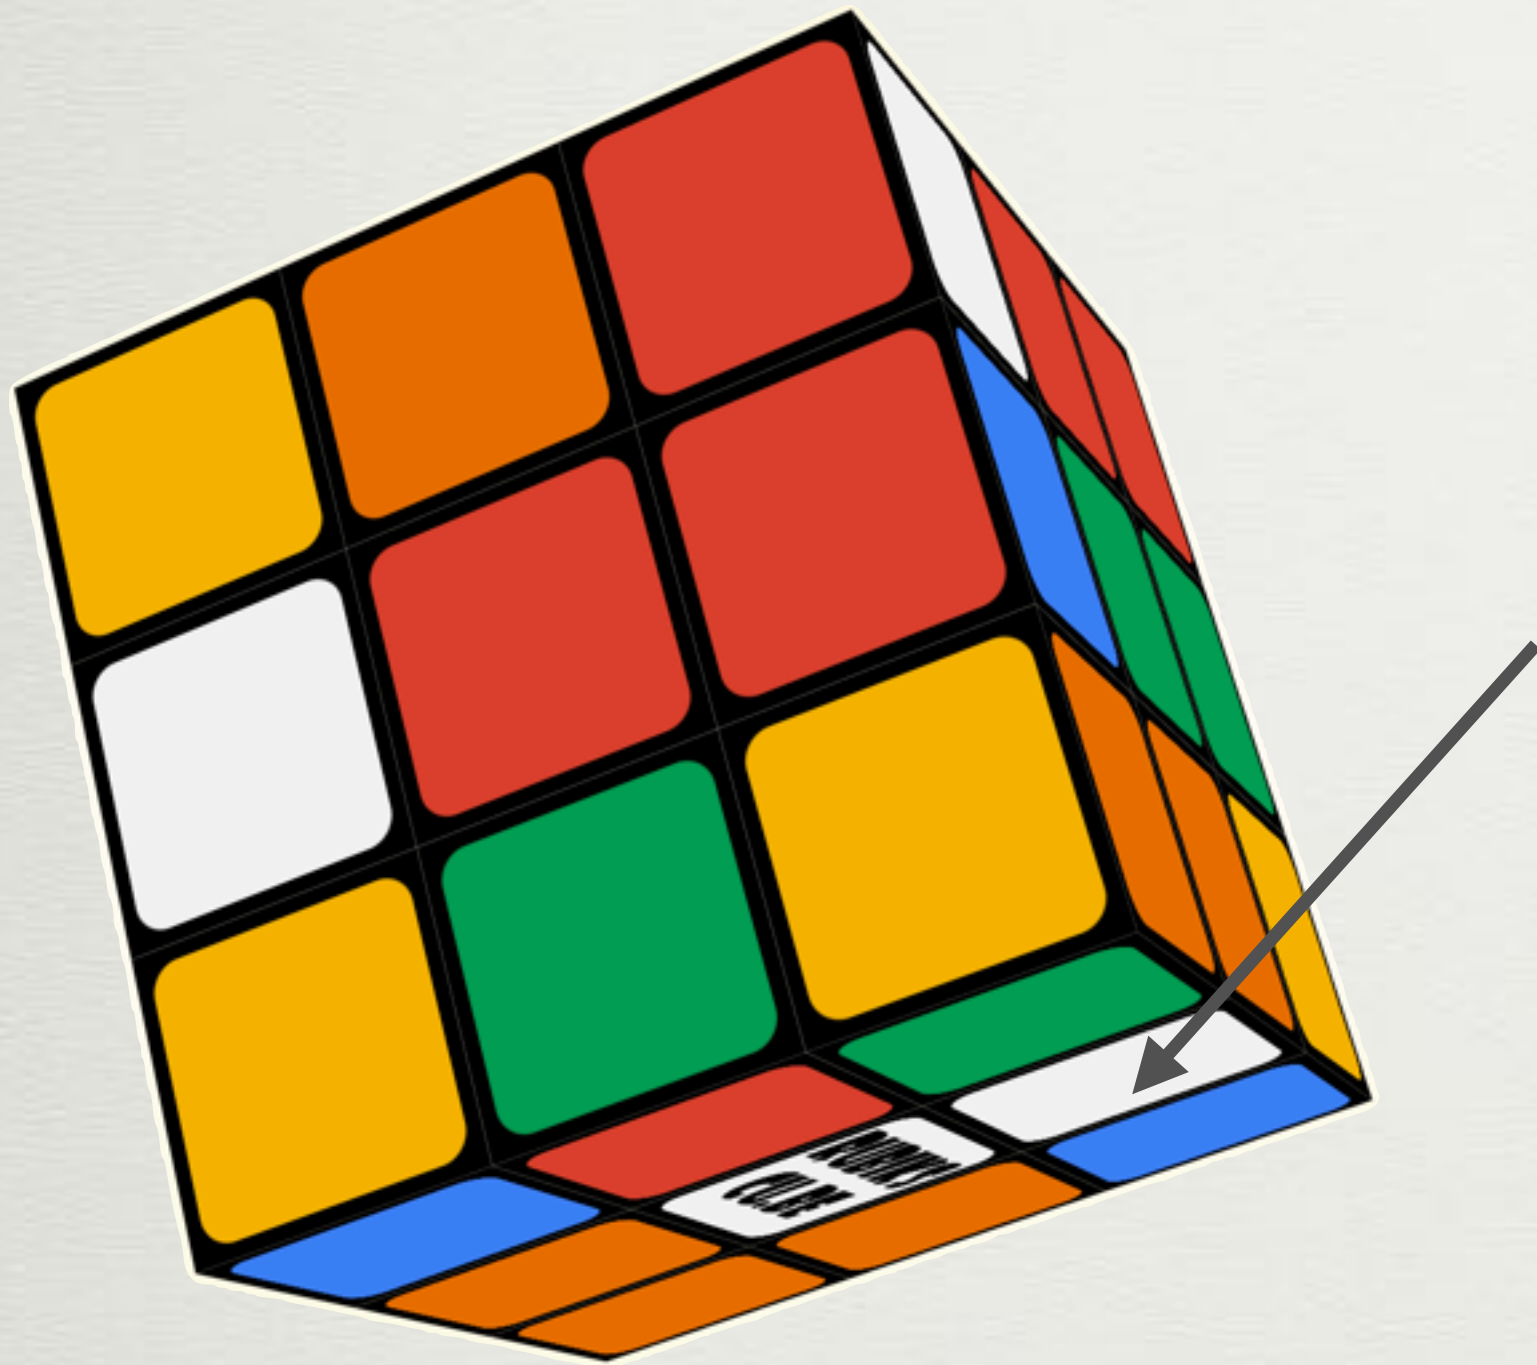

• R2 will move it to the top

- If the top petal position is already taken, rotate the top (U) until the petal position is available

Step 1 - Daisy

- What if the white petal is at the bottom?
- R2 will move it to the top
- If the top petal position is already taken, rotate the top (U) until the petal position is available

Step 2 - White Cross

- Hold it the right way, with yellow centerpiece facing up and white centerpiece facing down. And pick a centerpiece color to face you.
- Let's say you pick red. Keep doing U until the top edge piece is also red. Then F2 so that the white petal now faces the bottom.
